ALPINE GENERAL INFORMATION

Alpine is a Chihuahuan Desert mountain community sitting at 4,550 feet with a population of almost 6,000 and an average year-round temperature in the low 70s. It receives approximately 14 inches of rain per year with wonderful blue skies and fabulous sunsets. The rainy season (and often the hotter part of the year) is May through July. The temperature rarely gets lower than the teens and rarely higher than the mid-90s (and only occasionally) with low humidity unlike our Texas neighbors to the east and it starts to cool off in August. The area is blessed with 21 of the 23 highest mountain peaks east of the Rockies along with some magnificent scenery. Alpine is the central community of the Big Bend with Fort Davis to the north, Marfa to the west, Presidio to the southwest, Marathon to the east and Terlingua and the Big Bend National Park to the south. We are also home to [Sul Ross State University](#) and some of the friendliest folks in the country.

ALPINE BREWERY, CATERING, COFFEE SHOPS, FOOD TRUCKS, RESTAURANTS, SALOONS & LIQUOR STORES

Alpine is a music and art town. You can find live music and art shows at most restaurants. Sometimes just for the heck of it. And, like a lot of things in the Big Bend, caterers need plenty of advance notice. The Big Bend is a long ways from commercial food supplies and good help can be hard to find.

~BREWERY~

Big Bend Brewing Company
2809 W Highway 90

Alpine, Texas 79830
432-837-3700

"Beer From Out Here!" The Big Bend's microbrewery that is quickly becoming a macro business – recent plant upgrade added 6,500 square feet to the facility in June 2014. Very popular in the Big Bend and gaining a statewide reputation. Also the sponsor of the increasingly popular Valentine's Day celebration in Valentine, Texas each February 14th.

SUL ROSS STATE UNIVERSITY

Alpine - Main Campus
East Highway 90
Alpine, Texas 79832
432-837-8011

SRSU is a small, picturesque campus that began life as Texas' Normal College in 1917. It has a small enrollment of just over 2,000 students with attractive buildings in red brick and beige trim. The staff and professors are friendly and helpful and some are recognized as world class experts in their fields. A Planetarium and access to one of the world's richest botanical and geological regions, gives the University's science departments an A+. The Art, Theatre, Film & Television departments are well thought of and there is a new Motion Capture stage for the film folks. The Computer Science department offers a degree track in Gaming Technology and the Theatre Department conducts a summer stock program, Theatre of the Big Bend, at the Kokernot Lodge outdoor theatre. Lots of student enthusiasm – the Red and Gray Lobos.

They can be reached at 432-837-8191 and the office is in the University Center on the main floor. They are typically friendly West Texas folks and the [fees are reasonable](#).
